

SOLEA

Join Us for a Live Webinar

PPP Loans, Section 179, and the ROI Benefits of the Solea® All-Tissue Laser

with Mark Rosen, CPA, CFP and Renee Kurtz, DMD

Tuesday, October 27th | 7:30 - 8:30PM ET

Mark Rosen, CPA, CFP, partner with Rosen & Associates, LLC, and Dr. Renee Kurtz come together to discuss the tax and ROI benefits presented by Solea - the number one selling all-tissue laser in dentistry. In this webinar, they will discuss:

- 2020 Tax Considerations, including the impact of PPP loans and Section 179
- Solea Return-on-Investment (ROI) opportunities, including:
 - Efficiencies: the value of same-day dentistry & doing more dentistry in less time
 - New Patients: the value of increasing new patient flow & reducing attrition by offering a better patient experience
 - New Procedures: the value of expanding your procedure list & adding higher revenue procedures
- Timing considerations: the cost of waiting to purchase

Join Mark and Dr. Kurtz to better understand how adding Solea can drive new revenue and deliver an experience patients prefer.

Solea® is a breakthrough technology that can cut virtually every cavity prep anesthesia-free, delivering a dental experience that patients prefer. Solea also enables soft tissue procedures that are blood-free and suture-free with minimal post-op discomfort and remarkably rapid healing. By eliminating anesthesia for hard tissue procedures and enabling you to easily perform soft tissue procedures, Solea dramatically increases new patient flow, enables better clinical outcomes, makes you more efficient and allows you to perform procedures you previously referred out. Perform your best dentistry, and watch your practice transform.
