HIPAA BA Agreement & Free Risk Assessment

Dear Rosen Clients,

At Rosen & Associates we are taking a leadership role in helping our clients continue to become more aware of HIPAA requirements. Between random HIPAA audits and the latest ransomware attacks, patient data security is something healthcare professionals cannot afford to ignore. Two action items:

1. HIPAA generally requires that covered entities and business associates enter into contracts to ensure that the business associates will appropriately safeguard protected health information. Since Rosen & Associates is deemed to be a Business Associate under HIPAA, we are being proactive and have **linked a Business Associate Agreement** as required under HIPAA. Please execute the linked Agreement and submit it back to us electronically.
1. To help our clients with HIPAA requirements, we suggest working with OfficeSafe. OfficeSafe is offering you a complimentary HIPAA risk assessment and review (a \$599 value). The risk assessment is mandated to be completed annually under the HIPAA Security Rule. We highly recommend you take advantage of this offer if you have not already done so. Take just 5 to 10 minutes now and click on the link: **Free HIPAA Risk Assessment**

If you would like to read more about Business Associate Contracts, below is a link for your reference: <http://www.hhs.gov/hipaa/for-professionals/covered-entities/sample-business-associate-agreement-provisions/index.html>

If you have any questions, please reach out to us at any time.

Thank you!
